Dr. John L. Turner on IPR!

An Interview the author of Medicine, Miracles, and Manifestations!

(June 2009) In May, Patricia Gardner and Dayna Winters had the opportunity to interview Dr. John L. Turner, M.D. the author of *Medicine, Miracles, and Manifestations: A Doctor's Journey Through the Worlds of Divine Intervention, Near-Death Experiences, and Universal Energy*. The book is an excellent read and is highly recommended.

During his career as a surgeon, Dr. Turner's curiosity about the spiritual world prompted him to examine several nontraditional healing modalities that broadened the scope of his patients' recovery; healing modalities that include the use of Johrei (a Japanese healing art), chanting, meditation, soul travel, astral projection, and precognition/remote viewing. The book examines how metaphysical events like telepathy, remote viewing, and life after death are verifiable manifestations and are events that occur when the human brain interfaces with the universal consciousness.

Thomas J. Carey on IPR!

An Interview the co-author of Witness to Roswell: The Government's Biggest Cover-up.

(June 2009) In May, Patricia Gardner and Dayna Winters had the opportunity to interview Thomas J. Carey, one of the co-authors of *Witness to Roswell: The Government's Biggest Cover-up*. Both Patricia and Dayna have read the book and highly recommend the text for any and all UFO enthusiasts. The book strays from offering retreaded information and instead makes insightful arguments about the 1947 Roswell incident while it offers brand new, never before revealed evidence, documentation, and detailed witness testimony.

You are invited to examine a book review related to the text offered in the Media Review section of the ISIS Paranormal website. About Dr. John L. Turner

Dr. John L. Turner is the first neurosurgeon in Hilo, Hawaii. Following his graduation from Ohio State University and earning his degree in Engineering Physics, Dr. Turner continued onto graduate school. About three years into his graduate studies, Dr. Turner received a book on Edgar Cayce called *The Sleeping Prophet*. The book changed Dr. Turner's life, and he became excited about the existence of a spiritual world.
